Exploring New Horizons at RU'YA Careers UAE 2023

GULF EXTRUSIONS

# EDITORIAL

Dear Readers,

Welcome to the September issue of Gulf Extrusions Magazine, where we bring you the latest updates and insightful highlights of our dynamic activities and remarkable achievements.

In this edition, we showcase the magnificent Marina Star Tower-testament to our commitment to excellence. Explore its innovative use of aluminum extrusions and its role in shaping our city's skyline.

We are delighted to share that our CEO recently toured various departments at Gulfex, providing an invaluable opportunity for team members to engage and gain insights into their spiritual needs.

Furthermore, we present to you the remarkable Montana sliding insulated/thermal break system. This cutting-edge solution represents a significant advancement in thermal efficiency, offering enhanced insulation properties and improved energy conservation.

We explore the features and benefits of this remarkable product, demonstrating Gulf Extrusions' unwavering commitment to sustainable and environmentally conscious solutions.

At Gulf Extrusions, we firmly believe that the well-being of our employees is of paramount importance.

Therefore, we are pleased to announce the launch of our Wellness Campaign, aimed at fostering a healthy and balanced work environment. Through a series of engaging activities and initiatives, we are determined to promote health and well-being among our workforce.

As part of our ongoing commitment to employee wellness, Gulfex employees attended Workplace Wellness Online Webinar titled "Heart Health Unblocked, Igniting Workplace Wellness" on 28th of September. This insightful session provided valuable knowledge and practical tips on maintaining a healthy heart and overall well-being.

Last but not least, we are proud to share that Gulf Extrusions recently participated in the prestigious Ru'ya Careers UAE 2023 event. This platform provided us with an excellent opportunity to connect with local talented individuals and showcase the diverse career prospects available for UAE Nationals within our company.

We hope that this issue of Gulf Extrusions Magazine offers valuable insights, inspiration, and a deeper understanding of our commitment to innovation and excellence in the aluminum extrusion industry.

Thank you and enjoy!

## CEO's Inspiring Visit to Operational Departments Provides Empowering Spiritual Support

**In today's fast-paced corporate world, where efficiency and productivity are highly valued, it is crucial for organizations to foster an environment that nurtures the overall well-being of their employees.**

Recognizing the significance of spiritual support in promoting a positive work culture, Omar Shegem, the CEO of our esteemed company Gulf Extrusions visited various operational departments to provide empowering spiritual support to our employees.

By engaging in genuine conversations with employees, the CEO created a space for open dialogue, actively listening to their concerns, aspirations, and personal experiences.

This empathetic approach allowed the CEO to gain invaluable insights into the spiritual needs of the workforce and tailor the support provided accordingly.

The CEO's inspiring visit through various operational departments stands as a testament to the transformative power of integrating spiritual support into the workplace, leading to a more harmonious and resilient workforce.

The management team expressed their gratitude to our employees for their hard work and dedication towards the company's growth and development.

# WELLNESS CAMPAIGNS AT GULFEX

## “ Gulf Extrusions Prioritizes Employee Wellbeing in Collaboration with MetLife and American Spine Center

**In alignment with our commitment to employee health and wellbeing, Gulf Extrusions, a subsidiary of Al Ghurair Group, in collaboration with MetLife and American Spine Center, a renowned multispecialty hospital in the UAE, organised a highly impactful wellness campaign at Gulf Extrusions Dubai on Thursday, September 21, 2023.**

During this campaign, our employees had the opportunity to participate in a wide range of free health screenings, including blood pressure and blood sugar level checks, height and weight measurements, BMI (Body Mass Index) assessments, and consultations with expert dietitian, general practitioner, specialist and medical professionals.

Our comprehensive healthcare campaign addresses a range of health issues, including the increasingly common double threat of diabetes and hypertension, as well as other specific disease patterns.

We also facilitated one-on-one counselling sessions with doctors from the American Spine Center. They kindly answered queries and provided personalized guidance, empowering our employees to better understand and adopt healthy habits for a happier life.

With these employee health and wellbeing campaigns, Gulf Extrusions demonstrates its unwavering commitment to fostering a healthy and thriving team.

# Gulf Extrusions empowers workplace wellness through informative webinar: 'Heart Health Unblocked'

In line with Gulf Extrusions' commitment to fostering the well-being of its employees, a subsidiary of Al Ghurair Group, an informative webinar titled "Heart Health Unblocked, Igniting Workplace Wellness" was organized in collaboration with Novartis on 28 September 2023.

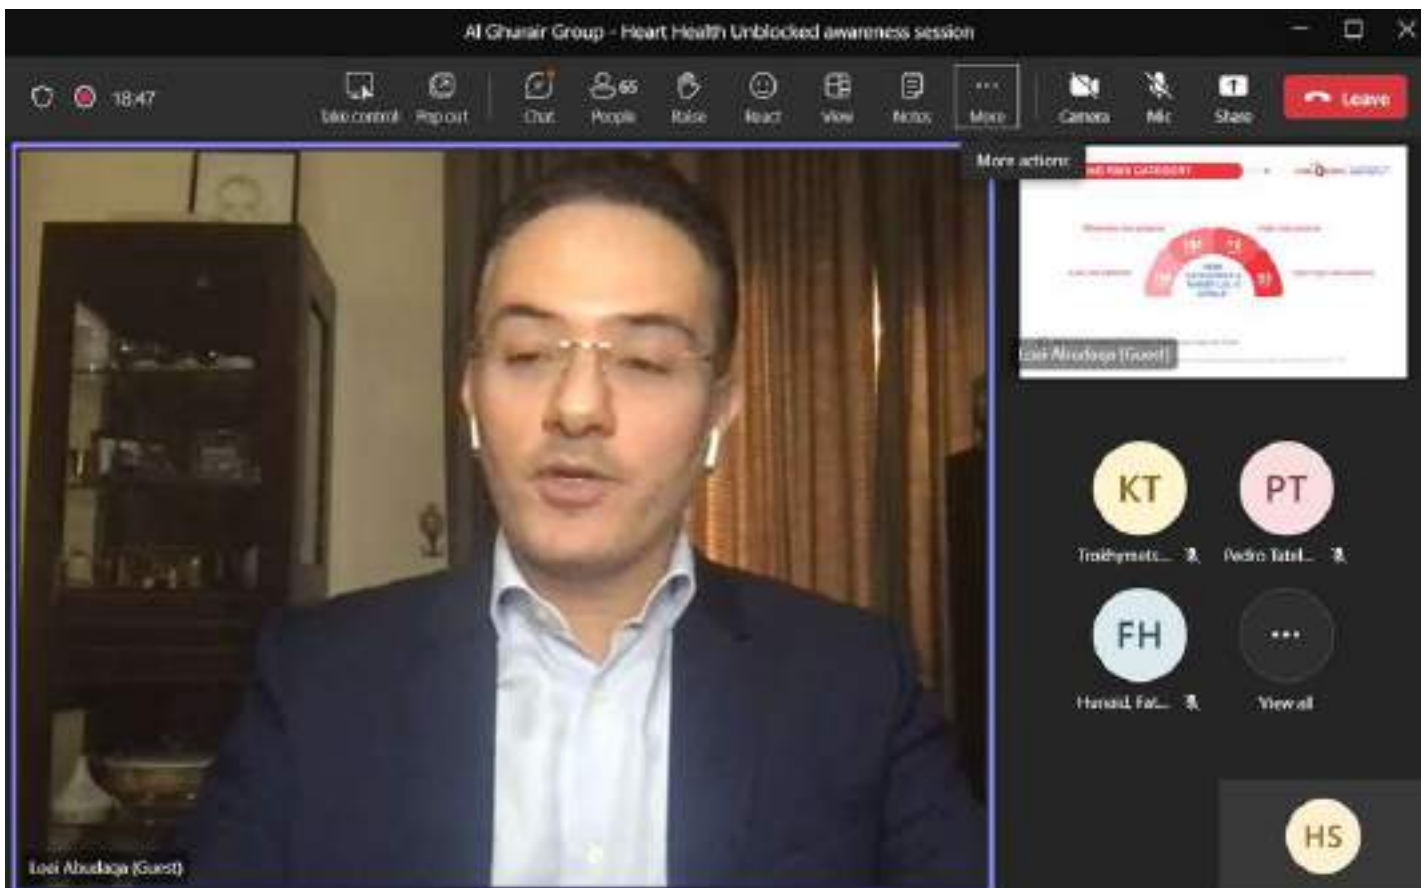

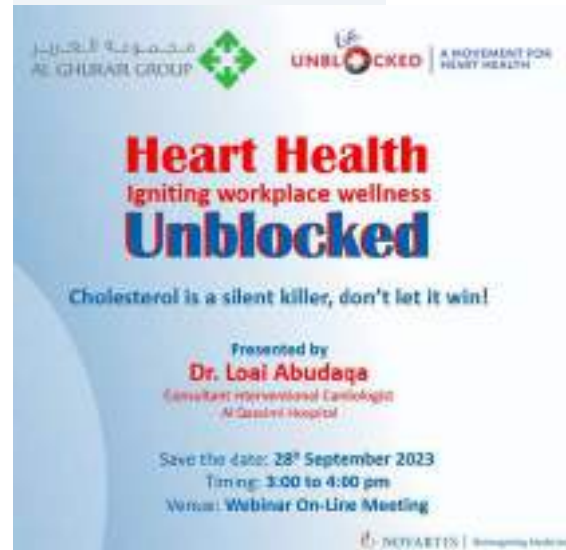

This engaging virtual event aimed to equip attendees with valuable insights into maintaining a healthy heart and cultivating workplace wellness.

During this webinar, distinguished expert in the field Dr. Loai Abudaqa, Consultant Interventional Cardiologist at Al Qassmi Hospital, shed light on heart health, providing valuable insights into maintaining a healthy heart and fostering workplace wellness.

Attendees were provided with an extensive overview of heart health, gaining profound knowledge on crucial areas such as the nature of cholesterol, risk factors associated with heart problems, preventive measures, lifestyle adjustments, and the significance of early cholesterol screening.

By actively participating in this webinar, Gulf Extrusions employees were empowered with practical strategies and knowledge to enhance their overall heart health and well-being.

These health and well-being initiatives not only foster a healthier workforce but also contribute to a more vibrant and thriving company culture.

Proud to be the backbone of top  
architectural,  
industrial and  
automotive icons.

# Best Place to Work

## Build your career with Gulf Extrusions

**What makes Gulf Extrusions a great place for UAE Nationals to work is our commitment to cultivating a supportive and inclusive work environment.**

**We value the unique perspectives and contributions of UAE Nationals and foster a culture that celebrates diversity, equal opportunities, and a strong sense of national identity.**

By aligning our efforts towards your professional development and overall success, we strive to empower you to flourish and thrive within our company.

**We provide a platform for Emiratis to thrive, grow, and make a significant impact in their respective fields.**

### Fresh Graduates

Gulf Extrusions provides opportunities for Emirati fresh graduates to kick-start their careers by offering entry-level positions, comprehensive training programs, and mentorship support to facilitate their professional development.

### Experienced Employees

The company values the expertise and experience of Emirati professionals, offering them challenging roles, career growth opportunities, and a supportive work environment to further develop their skills and contribute to the company's success.

### Exploration and Growth

#### Rotational Training

Gulf Extrusions offers both fresh graduates and experienced Emirati employees the opportunity to undergo rotational training programs, allowing them to gain exposure to various departments within the company.

This helps them develop a broader understanding of the company's operations and identify areas where their qualifications, experience, and skills align best.

### Tailored Role Placement

#### Department Placement

After the rotational training period, Gulf Extrusions assigns Emirati employees, whether fresh graduates or experienced professionals, to a specific department based on their qualifications, experience, and skills.

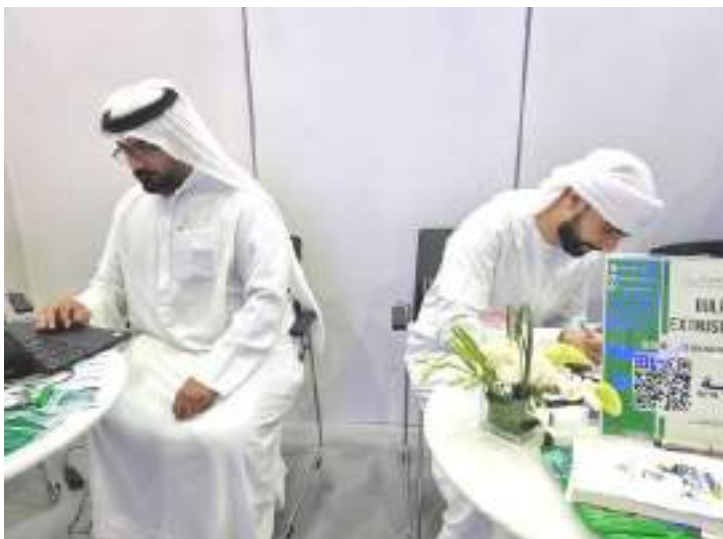

This ensures that they are placed in roles that maximize their potential and enable them to contribute effectively to their assigned department's objectives.

# EXPLORING NEW HORIZONS AT RU'YA CAREERS UAE 2023

**As a proud member of Al Ghurair Group, Gulf Extrusions had the privilege to represent our company at the recent RU'YA event location at the world Trade Center. It was a fantastic experience to connect with the local community and showcase the incredible opportunities we offer.**

We had the distinct pleasure and honor of engaging in numerous inspiring conversations throughout the event, and we were truly delighted by the overwhelming number of job seekers who showed a keen interest in discovering the benefits we offer to our employees and the exciting career path at Gulf Extrusions.

“  
AS PIONEERS IN THE INDUSTRY, WE OFFER A DYNAMIC WORK ENVIRONMENT, GROWTH OPPORTUNITIES, AND A SUPPORTIVE CULTURE THAT FOSTERS THE SUCCESS OF OUR EMPLOYEES.  
”

We value motivated and passionate individuals who want to make an impact and join our team of talented professionals.

The response and enthusiasm from UAE fresh graduates and experienced professionals were truly inspiring.

Thank you Ru'ya 2023, you were great!

Connect with us to discover how we can work together and create a brighter future.
