April 2024

Issue 22

# Editorial

Dear Readers,

Welcome to the April edition of Gulf Extrusions magazine, where we bring you a collection of business topics and activities highlights showcasing remarkable project, innovative product, valuable training programs, and our shared commitment to creating a greener and better future.

In this edition, Gulf Extrusions has supplied high-performance aluminum products to Al Futtaim Automall and Auto Centre. The aluminium are designed to have a gentle glow enhancing the perfect details of the building adding to the visual effect of ultimate beauty.

Unveiling our latest product innovation, we present Fold & Slide, a revolutionary addition to our diverse range of systems. Explore here the exceptional features and versatility of this cutting-edge solution, designed to enhance convenience and aesthetics for both residential and commercial applications in the architectural sector.

Within the pages of this edition, we share insights from our recent Gulf Extrusions

training sessions, where our team received valuable knowledge and skills to stay ahead in the industry.

On the 30th of April 2024, Gulf Extrusions hosted a session centered around Integrated Management Systems (IMS) and International Organization for Standardization (ISO).

As part of its commitment to employee learning and development, Gulf Extrusions conducted Business English Writing Course for the initial two groups on 3 and 10 May 2024. This initiative aimed at enhancing the communication skills of our employees and fostering effective written correspondence within the company.

Furthermore, in line with our dedication to environmental conservation, we take great care in cultivating our extensive collection of trees and plants across all facilities at Gulf Extrusions.

We hope you find this issue insightful and inspiring, as we continue to strive for excellence in all facets of our operations.

Enjoy reading!

# Enhancing Organizational Excellence: IMS and ISO Standards Awareness Session

**On the 30th of April 2024, Gulf Extrusions hosted a session centered around Integrated Management Systems (IMS) and International Organization for Standardization (ISO).**

The International Organization for Standardization (ISO) is renowned for developing globally recognized standards

that guide organizations in achieving excellence in various domains.

The event featured our industry expert, Baranitharan Sundaresan - Quality Assurance Manager, who delivered insightful presentation, engaged in interactive discussions, and facilitated workshops to enhance

participants' understanding of IMS and ISO standards.

The Awareness Session served as a dynamic forum for knowledge sharing, fostering dialogue, and promoting a culture of continuous improvement.

# *Gulf Extrusions Empowers Employees Through Business English Writing Course*

**As part of its commitment to employee learning and development, Gulf Extrusions conducted Business English Writing Course for the initial two groups on 3 and 10 May 2024. This initiative aimed at enhancing the communication skills of our employees and fostering effective written correspondence within the company.**

The course, conducted by experienced language experts, focused on key aspects such as grammar, vocabulary, and professional writing techniques.

Participants learned to craft concise and impactful emails, reports, and other business documents, equipping them with the tools necessary to excel in today's global business landscape.

Gulf Extrusions is proud to invest in the professional development of its employees, ensuring clear and compelling communication to drive success in every endeavor.

## Growing Together: For a Greener and Better Future

Here at Gulf Extrusions, we are constantly striving to explore innovative solutions which create a positive impact on the environment and help to achieve the ambitious goals towards building a better tomorrow for our planet and future generations.

In line with our dedication to environmental conservation, we take great care in cultivating our extensive collection of trees and plants across all facilities at Gulf Extrusions.

Every tree, flower, and shrub has been carefully chosen to enhance biodiversity and promote ecological balance.

Join us in our commitment to a greener future. Together, we can make a positive impact on our planet and preserve its beauty for generations to come.
